

The Sweet Potatoes are based in Los Angeles, but have roots in the Midwest and Louisiana.

Laura Hall is best known as the pianist on the improv based TV show, *Whose Line is it Anyway*. Rick Hall works as an actor, and can be seen in 28 episodes of *KC Undercover*. Kelly Macleod's earlier band, *Private Life*, was produced by and toured with Eddie Van Halen.

The band got its start when Kelly, Rick & Laura worked together on an indie film, and discovered their shared musical roots.

Please welcome The Sweet Potatoes!
